Solve each problem.

1) The complementary angle of 22° is _____

2) The complementary angle of 53° is _____

3) The complementary angle of 5° is _____

4) The complementary angle of 19° is _____

5) The complementary angle of 82° is _____

6) The complementary angle of 11° is _____

7) The complementary angle of 41° is _____

8) The complementary angle of 71° is _____

9) The complementary angle of 78° is _____

10) The complementary angle of 43° is _____

11) The supplementary angle of 34° is _____

12) The supplementary angle of 7° is _____

13) The supplementary angle of 31° is _____

14) The supplementary angle of 73° is _____

15) The supplementary angle of 142° is _____

16) The supplementary angle of 76° is _____

17) The supplementary angle of 15° is _____

18) The supplementary angle of 104° is _____

19) The supplementary angle of 152° is _____

20) The supplementary angle of 80° is _____

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

11. _____

12. _____

13. _____

14. _____

15. _____

16. _____

17. _____

18. _____

19. _____

20. _____

1-10	95	90	85	80	75	70	65	60	55	50
11-20	45	40	35	30	25	20	15	10	5	0

Solve each problem.

1) The complementary angle of 22° is ___68___

2) The complementary angle of 53° is ___37___

3) The complementary angle of 5° is ___85___

4) The complementary angle of 19° is ___71___

5) The complementary angle of 82° is ___8___

6) The complementary angle of 11° is ___79___

7) The complementary angle of 41° is ___49___

8) The complementary angle of 71° is ___19___

9) The complementary angle of 78° is ___12___

10) The complementary angle of 43° is ___47___

11) The supplementary angle of 34° is ___146___

12) The supplementary angle of 7° is ___173___

13) The supplementary angle of 31° is ___149___

14) The supplementary angle of 73° is ___107___

15) The supplementary angle of 142° is ___38___

16) The supplementary angle of 76° is ___104___

17) The supplementary angle of 15° is ___165___

18) The supplementary angle of 104° is ___76___

19) The supplementary angle of 152° is ___28___

20) The supplementary angle of 80° is ___100___
